

macOS

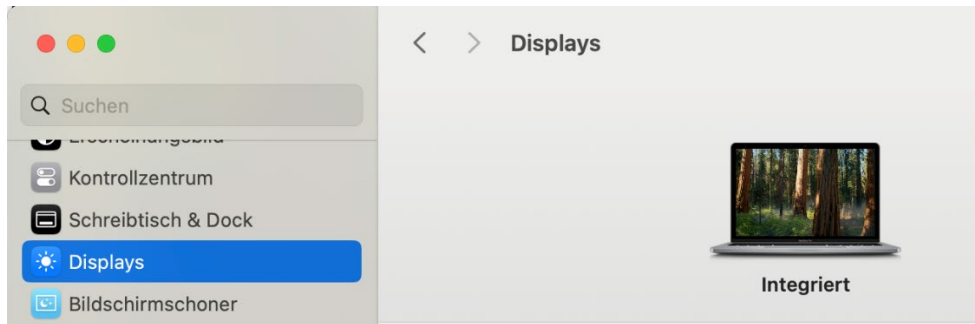

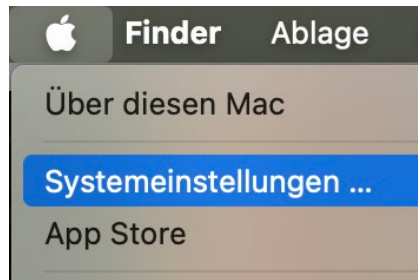

Lorsqu'on branche le MacBook au système de projection, un 2^{ème} écran s'affiche

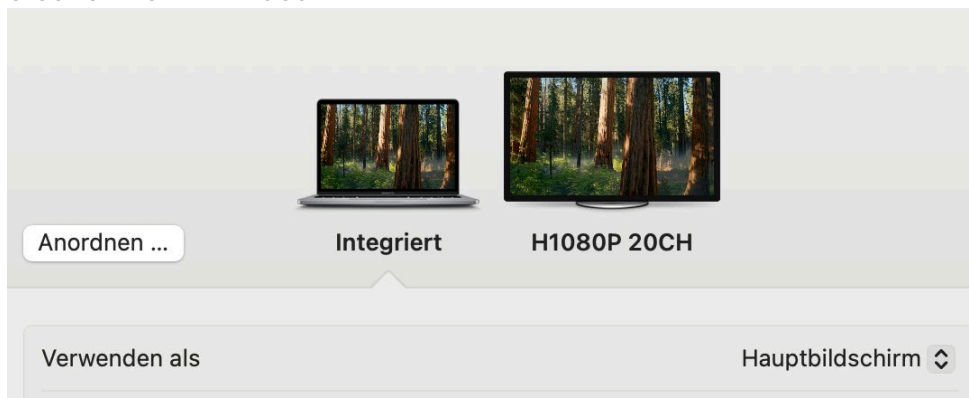

Sélectionner le 2^{ème} écran, puis activer l'option « Affichage étendu »

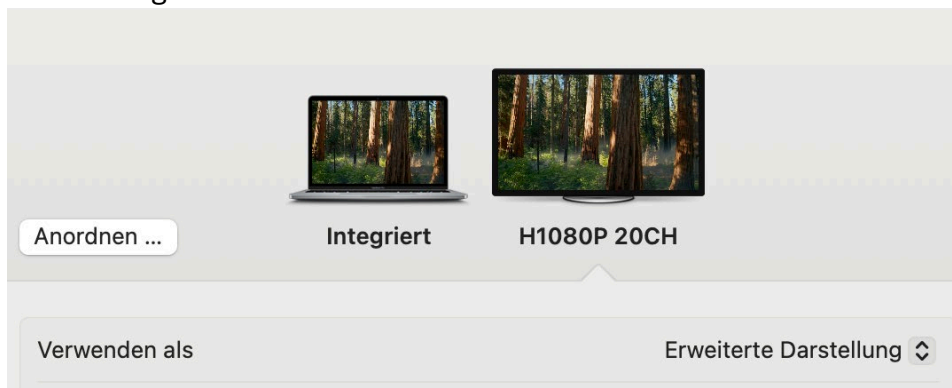

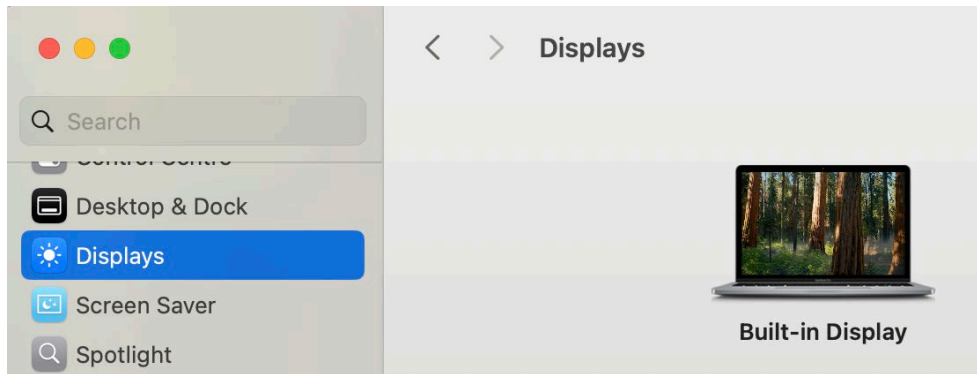

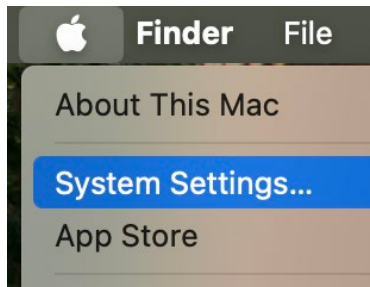

Wenn das MacBook an das Projektionssystem angeschlossen wird, erscheint ein 2. Bildschirm

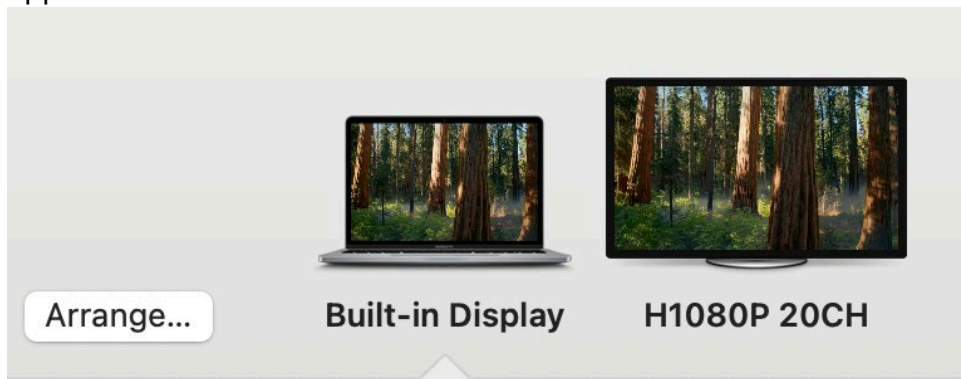

Den 2. Bildschirm auswählen und dann die Option „Erweiterte Darstellung“ aktivieren

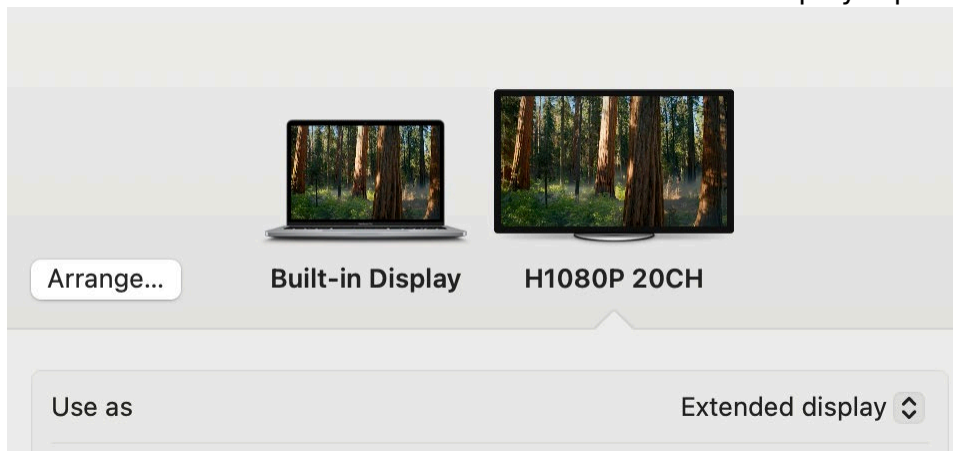

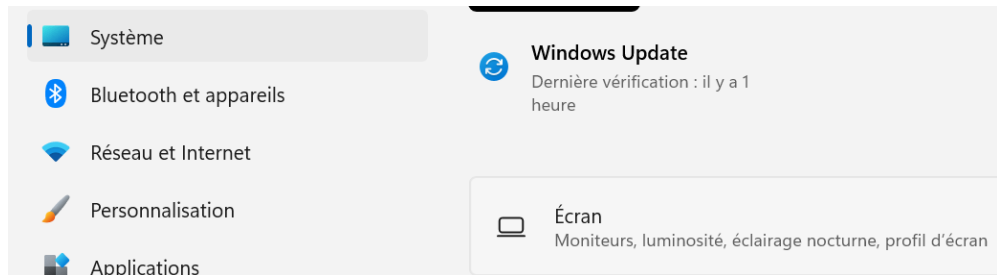

When the MacBook is connected to the projection system, a 2nd screen appears

Select the 2nd screen and then activate the “Extended display” option

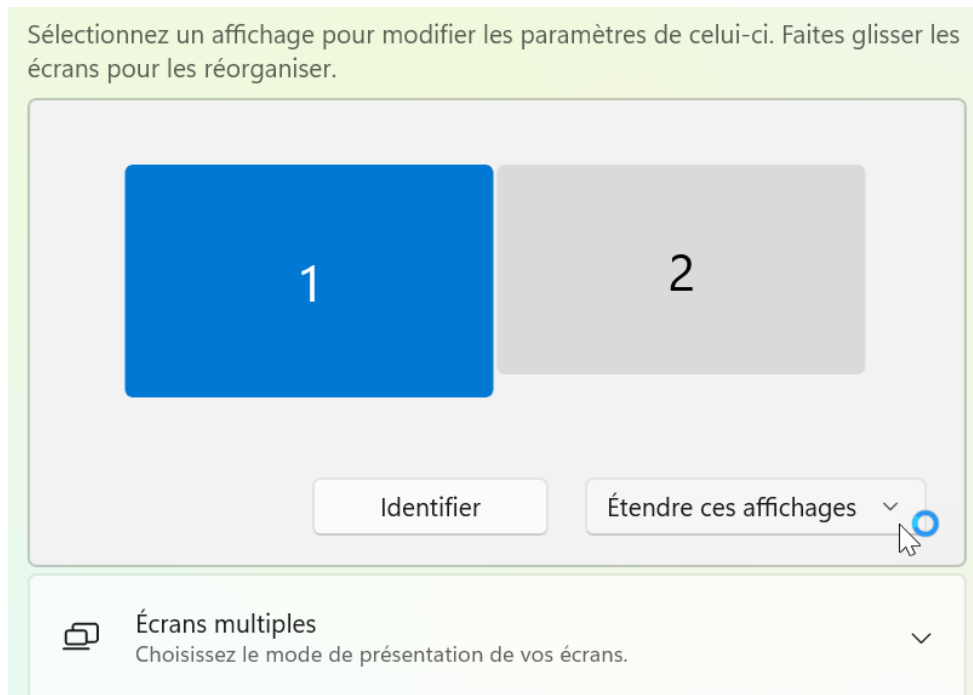

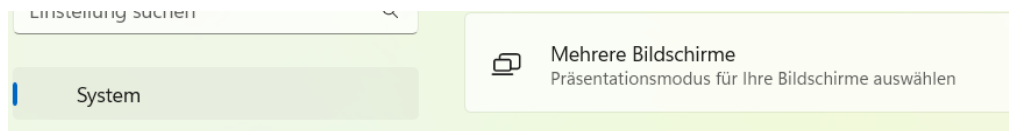

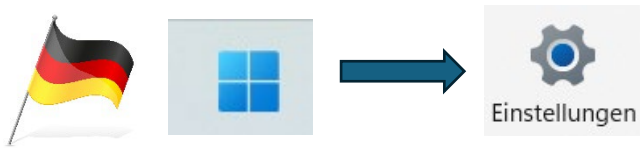

Windows

Lorsqu'on branche le laptop au système de projection, un 2^{ème} écran s'affiche.

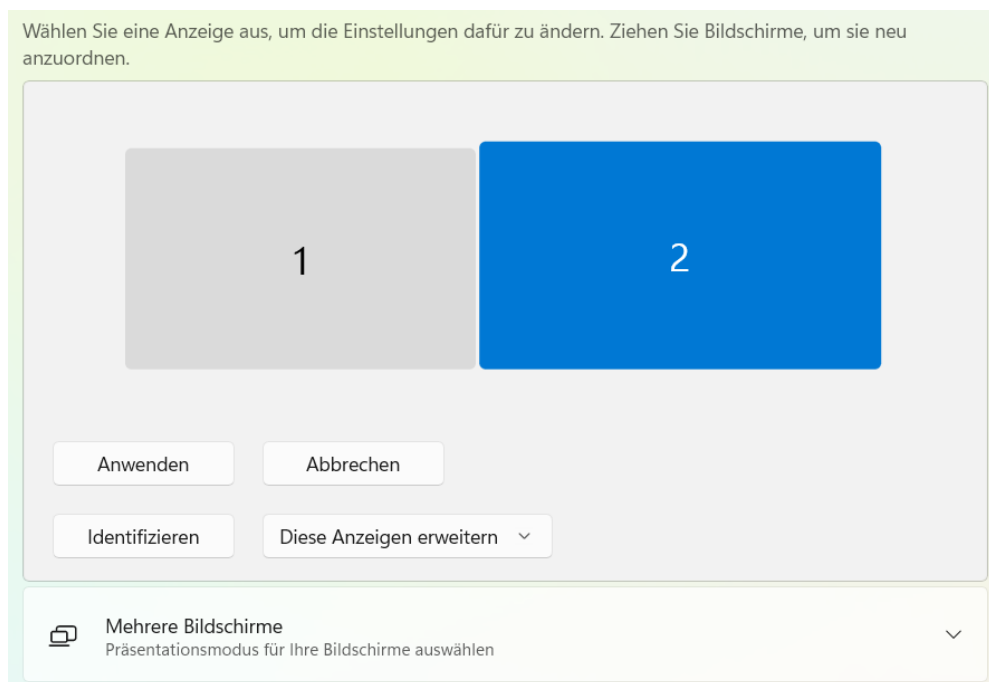

Activer l'option « Etendre ces affichages »

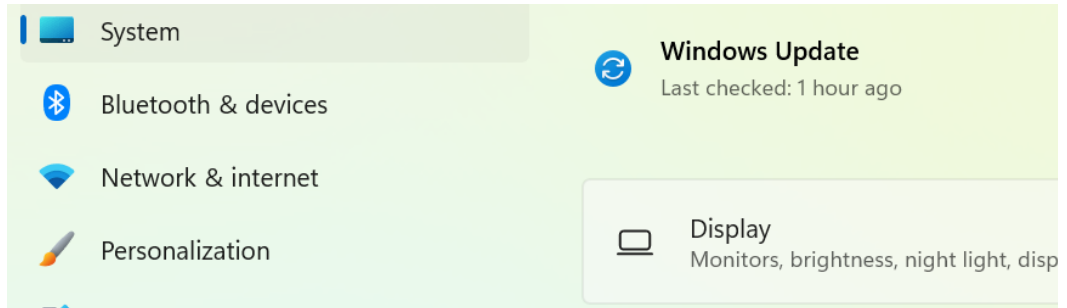

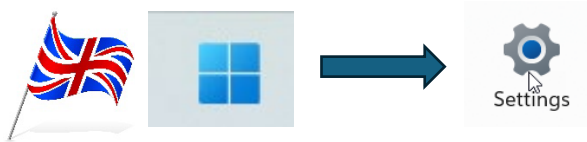

Wenn der Laptop an das Projektionssystem angeschlossen wird, erscheint ein 2. Bildschirm.

Die Option „Diese Anzeigen erweitern“ aktivieren

When the Laptop is connected to the projection system, a 2nd screen appears.

Activate the “Extended display” option
